5X1 5X1 3	Fore a mo	dismantled except for the control tower and one hangar. All Russian Air Force personnel have vacated the field. The control tower is occupied by a mortar unit. Area 4 accommodates a guards artillery unit between 3,500 and 4,000 strong. The unit is equipped some 120 mm mortars and with 120 trucks, 30% of which are garaged in the undamaged airfield hangar. During the period of observation, trucks were seen towing the mortars to Area 2 for exercises. Two drivers and eight men accompanied each truck and gun.										
25X1 4 25X1	and Area Unco with	Russian personnel and families are billetted in the buildings at Area 6, and a further artillery unit is stationed in the former Panserkaserne within Area 3. This district is barred to civilians and could not be investigated. Unconfirmed local reports put the strength of the unit at about 4,000 men with some 200 trucks and sixty guns of between 120 mm and 150 mm caliber. Area 5 is also used for training purposes and is barred to civilians.
